Year 6 Camp to Canberra a huge success!
Students from our school have recently undertaken an education tour of the national capital Canberra. Students had the opportunity to participate in a variety of educational programs with a focus on Australia’s history, culture, heritage and democracy.

The Australian Government recognises the importance of all young Australians being able to visit the national capital as part of their Civics and Citizenship education. To assist families in meeting the cost of the excursion the Australian Government is making a contribution student under the Parliament and Civics Education Rebate program towards those costs. The rebate is paid directly to the school upon completion of the excursion.

One of our wonderful Year 6 students has written a recount of the events of camp for this week’s newsletter.

Peek Into Our Rich History at Canberra

Recount by Aarushi Malhotra

Awesome! Interesting! Incredible! Or magnificent! I could use hundreds of words to describe the Year 6 Canberra Camp, but I will only use one: spectacular. This camp was so cool and fun, especially going to the Parliament House and the Government House.

Learning about the Government house and the Governor General was really interesting, we learnt about the roles and all the honours and awards that the Governor General gave out to all the brave people that helped in a car crash or maybe fought in war.

Parliament House was HUGE! I found it really interesting how we got to watch and listen to a House of Representatives and a Senate meeting. We also had to go through a security check to see if we had any metal, the archway that we had to go through, showed us when and when not to go.

Questacon was another awesome thing that we got to go to. There was this huge and very steep slide that lots of people went on. You had to wear a special uniform and you had to have socks on. There was also this earthquake room where you had to pair up and build a house with blocks and also use corn kernels, then when time was up the room would shake. My first one with my friend Emily was a disaster, then the second time we did it, the house stayed absolutely still, woohoo!

The bus trips to Canberra and back to Melbourne were a bit different, the first one to Canberra felt a bit longer because the DVD player in our bus (Bus 2) wasn’t working and we didn’t really get to watch something that would keep our attention, but the trip back, it was working, which was good. I loved Canberra Camp and I think that none of the other camps that I have been on have been as good as this one, so thumbs up for the younger year levels!
