Datiwuy Dreaming

On Monday (23 May), an Aboriginal singing and dancing group called Dätiwuy Dreaming came to perform at Wembley. The Aboriginal group of singers and dancers inspired our school with their native dances. They came a very long way from North-East Arnhem land to teach us about their culture and to show us how they survive. They also showed us how to make the yidaki (didgeridoo) from trees while telling us the stories of their lives through song and dance. They were very friendly and did 3 excellent performances throughout the day. They taught us lots of new Aboriginal words such as the numbers from 1–5, “very good” and the names of a few of the foods and materials they find. The song man with the bilma (clap sticks) and the man playing the yidaki did a great job to communicate and teach their culture through song.

During the 60-minute performance, we learnt heaps about Aboriginal culture and language and had a great time with Datiwuy Dreaming. They were very good at converting between English and Yolngu which made it easy for us to understand what they were saying when it was translated. As we listened to their songs about crocodiles, one-eyed fish and rain, we all sat wondering what would happen next. We showed them great respect while listening to the important things they were teaching us. Overall, Datiwuy Dreaming is a great group to see perform so if you ever get the chance to go and see them, use it to your full advantage!

Datīwuy Dreaming

On Monday the 23rd of May, we had the experience of a lifetime. Datīwuy Dreaming, an Indigenous group came to Wembley Primary School to educate us on their culture and background. This term, Wembley’s focus in music is Aboriginal music.

The people that performed for us were from the Datīwuy clan in Elcho Island, North East Arnhem Land. All the students joined in with the children songs, Bāru (Crocodile) and Guya (One-Eyed Fish) that we had already learnt with the help from Miss Tan our music teacher.

Everyone learnt about the musical instruments that they use, the yidaki (didgeridoo) and the bilma (clapping sticks), and also the songman. At the end of the fabulous performance, they showed us their ceremonial dances that we were not allowed to do because it was sacred to their clan. In the end, we learnt a lot like how to make a yidaki. One boy actually got to feel the yidaki on his back while Nelson, the yidaki player, played it. In this show, we also learnt about how the Aboriginal dancers moved to the sound of the bilma, and that only men can play the yidaki! This wonderful experience ties in to the curriculum and Essential Learning, where we learnt songs in the Yolngu language.

We think that the Datīwuy Dreaming people coming to our school definitely enriched our learning about Aboriginal music!! We would like to acknowledge our wonderful music teacher Miss Tan for organizing this unforgettable experience with Musica Viva, Tony, Heather and Nelson who came all the way from North East Arnhem Land, Glen and Janel who came from NASIDA (National Aboriginal Islander Skills Development Association) Dance College, and Tom for managing the show.
